SECURING THE FUTURE (PLANNING FOR RETIREMENT) – 3 DAYS

Contrary to the expectations of most people, the end of paid employment is not the end of active work life. But people have to prepare for life after work, otherwise the challenge would be daunting. This course is designed to prepare your staff for the reality of life after work and help them plan towards living a comfortable and useful life.

Learning Objectives

- Assess their state of preparedness for life after paid employment
- Understand what actions to take to live comfortably after retirement
- Identify suitable income generating ventures and investment opportunities
- Learn the benefits of writing a WILL
- Learn how to enjoy a healthy life
