

LEADING TEAMS – 2DAYS

Success in team leadership hinges not only on the effectiveness of the individual member and how well they work together, but also on the manager's ability to manage in light of team dynamics and focus on people issues. This course provides a unique opportunity to develop core competencies in such people skills as improving self-understanding, assessing the effectiveness of others, team building, leadership, motivation, and conflict resolution. Participants will gain practical understanding of how to assess and sustain effective team performance as well as how to identify and resolve key resource issues.
